NEWSLETTER FOR OUR RAVING FAN CUSTOMERS

A Season of Giving

Our incredible team came together to raise more than \$5,500 for Coats for Kids and Toys for Tots this year! We donated 30 coats, and our holiday elves are busy shopping for the children we adopted. A huge thank you to our company owners, Ed and Tracy Rizor for matching each donation and doubling the impact. We are grateful for the kindness and teamwork that make a difference for families in need this holiday season.

As we close out another year, we want to thank you for trusting us with one of life's most meaningful milestones. Home is where traditions begin and some of the biggest moments happen. Your support means the world to us, and we're honored to be part of your journey.

Wishing you and your loved ones peace, joy, and treasured moments this season.

A New
Home for
the Holidays!

A Full Circle Moment

Some customers remind us why we do what we do and Stacey's journey is one of them.

We first worked with Stacey in 2003 when she and her husband bought their home out of a land contract. Back then, the mortgage was in his name. Over the years, Stacey poured her heart into improving the house, she weathered the 2008 mortgage crisis, and raised her family there. When her sons were ready to buy homes, she sent them our way—yes, we've been here long enough to serve the next generation!

Life took some turns, and Stacey and her husband parted ways. Determined to keep her home, she worked hard to build strong credit and a solid career. Last month, her determination paid off when we refinanced the home into her name. With her family by her side, Stacey signed the closing documents proudly. It was an inspiring reminder of what you can achieve with hard work, perseverance and by believing in yourself.

YOUR REFERRALS ARE THE GREATEST COMPLIMENT

Kyle came to us in 2020 for a pre-approval to buy his first home but decided to rent for another year to save for a down payment (this was before our Equity Zero loan was an option). He came back and we helped with his purchase in 2021. Kyle referred his **coworker John** to us and we helped him buy his first home last month. **We had him from application to clear to close in 21 business days.**

We love referrals, who can we help?! 800-270-7082

Guiding Home Buyers

The National Association of Realtors (NAR) reported that out of all home buyers last year, just 21% were buying for the first time. This is a new historic low. In the 1980s, the typical first-time home buyer was in their late 20s, but according to the NAR report, the **median age has risen to 40**, the highest ever recorded.

Every day, we help home buyers and individuals who once thought owning a home was out of reach. Whether it's navigating the buying process, finding the right financing options, or offering guidance every step of the way, **we're here to make homeownership possible!** Check out our age breakdown for 2025 purchases so far:

% of Our Purchases	Generation	Age
45.3%	Millennials	29-44
22.8%	Gen Z	18-28
22.3%	Gen X	45-60
9.3%	Baby Boomers	61-79

Before the Holidays

Donate Unused Decor - Once you've finished decorating you most likely have items you didn't use. Maybe you haven't displayed it for years because it doesn't fit your style anymore, **do not keep storing it.**

Donate it ASAP so someone else can enjoy. If you have broken decor you continue to keep, throw it away!

After the Holidays

Store By Zone - For example: pack up anything you use to decorate the mantel together and label the box with that zone. If it takes multiple boxes, label them "Mantel 1 of 2". Do the same with "Kitchen", "Entry", etc. so it is easier to decorate next year. Clear, stackable boxes with lids are best. Next year when you start decorating you can grab the boxes for a zone, put everything out, and use the empty bins to pack up non-holiday decor for that zone to store it until after the holidays.

"We were referred by our realtor, and we could not have asked for a better experience. They guided us through both a bridge loan and a mortgage loan with outstanding communication, empathy, and professionalism. They were always available to talk through each step and made sure we fully understood the process. Even when delays outside their control occurred, they went above and beyond to keep things moving smoothly and keep us informed. They truly made us feel like part of a family, and we are incredibly grateful for their dedication and care." - Jason
